**CONTINUING EDUCATION WORKSHOP & DINNER**

# SB14

*Trainer: NES - Network Environmental Solutions, Inc.*

Did your Company generate more than 12,000 Kilograms of Waste?

California’s Senate Bill 14 (SB 14) regulation has an upcoming compliance deadline of September 1, 2023. Adopted in 1989, California SB 14 requires hazardous waste generators to evaluate waste streams, and implement source reduction measures for industrial wastewater, used oil, waste chemicals and other wastes.

SB 14 operates on a 4-year cycle requiring that hazardous waste generators conduct a source reduction evaluation, and prepare required compliance documents every four years. For the upcoming compliance deadline, the Reporting Year for source reduction evaluation purposes is Calendar Year 2022. SB 14 is enforced by the DTSC and local CUPA agencies, which requires subject facilities to prepare three (3) key documents to comply with SB 14: (1) Source Reduction Evaluation Review and Plan, (2) Hazardous Waste Management Performance Report; and (3) Summary Progress Report. Join us on August 17, 2023 at the Saki’s Spin-A-Yarn restaurant for this important training.
